Founded in 2016 by classical pianist Hunter Noack, IN A LANDSCAPE: Classical Music in the Wild™ is an outdoor concert series where America’s most stunning landscapes replace the traditional concert hall. A 1912 Steinway model D concert grand piano travels on a flatbed trailer to awe-inspiring natural landscapes across the West, from national parks to urban oases. Guests are encouraged to wander and explore the surrounding environment while listening to the music through wireless headphones, creating an immersive experience that fosters a connection with the music, nature, and with one another.
